

Design Evanston

CTA Viaduct Party

Join Design Evanston members to celebrate the replacement of the Dempster and Grove Street CTA viaducts... the latest three this year in Evanston. We promise an informative and entertaining social event! More related educational programs are planned in the near future.

From the official website: Grove Street and Dempster Street sites will be closed with work running continuously for 48 straight hours from the evening of June 22nd - June 24th.

We'll meet at 2pm, Saturday, June 23 at Dempster Street and Sherman. The Dempster viaduct will be moved into place between 2pm and 4pm. The Grove viaduct will be moved into place between 6pm and 8pm.

The city might provide a live 24/7 feed on EvanstonNow as it did for Greenleaf Street. Go there if you can't join us!
