

# Design Evanston

## Downtown Performing Arts Center Project Review

7pm Wednesday, February 21, 2018

Rendering: Skidmore, Owings & Merrill

**Patrick O'Connor**, a principal at Farpoint Development, has invited Design Evanston to review the concept plans for the Downtown Performing Arts Center project proposed for the 1700 block of Sherman Avenue. (See the September 2017 *Tribune* article at <http://trib.in/2BtrR2j>)

“Northlight Theatre plans to return to Evanston, the city of its birth, in a spectacular way: as the street-level centerpiece of a shimmering-rise, 37-story development replete with a boutique hotel, a restaurant, high-end rental apartments and 250 parking spaces.”

### **Celtic Knot Meeting Room, 626 Church Street**

This event is for DE Professional Members only. Space is limited to 30±. RSVP by Monday, February 19 by emailing: [event@designevanston.org](mailto:event@designevanston.org)
