## Revisiting the Mulford House

2pm, Saturday, July 28, 2018

**In a reprise of our September, 2017 tour,** let's see if the LEED Platinum home, designed by DE member Nate Kipnis, is meeting its energy performance projections. During the GreenBuilt Home Tour (<http://www.greenbuiltthometour.org>), Nate has set aside time to meet with us to discuss the results. Park on Mulford or Ashland and walk to 1426 Mulford.

**\$5 GreenBuilt Tour single home tickets (admits 2) at the door. Register by July 21. Email: [event@designevanston.org](mailto:event@designevanston.org)**
