

Design Evanston Ryan Center Tour

6-7pm, Thursday, September 8, 2016

Join Design Evanston members on a tour of Northwestern's new music building, the Ryan Center for the Musical Arts, designed by Goettsch Partners. Our guide will be Deborah Burkhart, Project Manager in Facilities Management. She was the project manager during the building's design and construction, and she continues to oversee the building.

We'll see all of the Ryan Center for the Musical Arts (RCMA) building's main performance venues: the Mary B. Galvin Recital Hall, the Shirley Welsh Ryan Opera Theater, and the David and Carol McClintock Choral and Recital Room.

See: <http://www.music.northwestern.edu/about/facilities/new-building.html>

Park in the south beach parking deck. Assemble in the Atrium.

**This event is free to DE members and the general public.
Please register by September 1 at event@designevanston.org**
