“Helvetica” The Film

7:00pm Wednesday, January 21, 2009

The Siskel Film Center’s most visited movie, will be shown at the Evanston Public Library.

Helvetica is a feature-length independent film about typography, graphic design and global visual culture. It looks at the proliferation of one typeface (which recently celebrated its 50th birthday) as part of a larger conversation about the way type affects our lives. <http://www.helveticafilm.com/>
